

Play to the square initially occupied by the King
By Abdelzaiz Onkoud

Play to the square initially occupied by the King is a very elegant idea. The idea is also conducive to combinations with well-known themes and ideas. Summarizing with a few simple examples will not do justice here. There are so many examples that this idea has developed a variety of shapes which deserve to be shown.

Type 1 – Play of the black piece to the square initially occupied by the black King

Type 2 - Play of the white piece to the square initially occupied by the black King

Type 3 - Play of the white piece to the square initially occupied by the white King

Type 4 - Play of the black piece to the square initially occupied by the white King

Type 5 – (Type 1 + Type 2)

Type 6 – (Type 1 + Type 3)

Type 7 – (Type 1 + Type 4)

Type 8 – (Type 2 + Type 3)

Type 9 – (Type 2 + Type 4)

Type 10 – (Type 3 + Type 4)
