Award - Maroc Echecs 2017 H#2
By Jorma Paavilainen
Espoo, Finland, November 21, 2017

There were 28 entries to be considered. All were delivered in an anonymous and a very useful format: two PDF files, one with diagrams, the other with diagrams and solutions. I solved every entry to force myself to play at least once through every solution.

The general level of the competition was a pleasant surprise. Most entries showed a clear and interesting idea with a good construction. Compositions, which focused on the quantity of solutions instead of the quality, were not interesting enough to be included in the award.

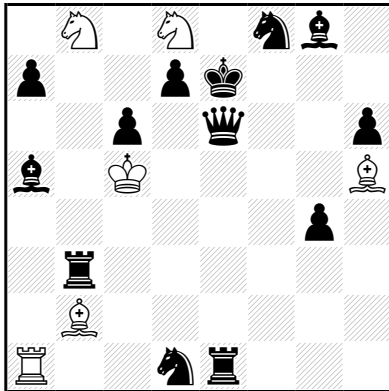

I did not conduct an extensive search for anticipations, but one unfortunate predecessor was found:

No. 18 is anticipated by Buňka, Vladislav & Kotěšovec, Václav, *Šachová skladba* (85/7273) 2004-10 See (A).

1. ♖f2 ♜×é1 2. ♚d5 ♘d×ç6†
1. ♙d2 ♜×a7 2. ♚é2 ♘b×ç6†

A harmonious composition with analogous and interesting solutions. Black's 1st move opens a line for wRa1, which will pin a black unit on white's 1st move. Both key pieces, bBa5 and bSd1, have options, which fail because of similar reasons. 1.Bc7? and 1.Se3? would interfere on the future pinning line. 1.Bc3? and 1.Sc3? would interfere the line of wBb2, guarding f6. Additionally, the bB has two possibilities, which fail because of a check to the white K, and the bS can also capture the wBb2. Black's 2nd move must release the guard of c6, but with care. The wK is skilfully placed for a dual-avoidance, to guard d6 and to make black play unique. Obviously the bPd7 has only two possible moves and the bQ many more, but this imbalance is unavoidable. Finally, in the mating move there is also dual avoidance. Here the motives are simple, but nicely similar.

21 - Zoltán Labai ,Zivko Janevski & Vladislav Nefyodov : 2° Prize

1. ♖ç4 ♙é4 2. ♚a5 ♜a2†
1. ♖ç5 ♜a2 2. ♚b7 ♙é4†
1. ♚×a3 ♙d5 2. ♚×b3 ♙×b3†
1. ♚×ç6 ♙b4 2. ♚×ç3 ♜×ç3†

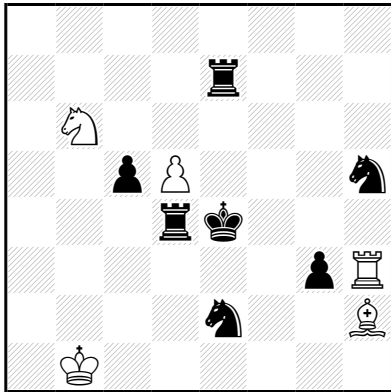

In one pair of the solutions Black activates his Queen to capture first the wR/B and then a wP for a nice Zilahi. The only tiny blemish is that once white moves his line-piece, once opens its line: 1.- Bd5/b4. In the other pair black makes two Knight moves to open a future mating line and to interfere with bQ's line of defence. White, in turn, pins the static knight and mates along the opened line.

19 - Emil Klemanic & Ladislav Packa : 3° Prize.

1. ♚×f1 ♚b5+ 2. ♚é3 ♘×f1†
1. ♚ç2 ♘é2 2. ♚d3 ♘é3†
1. ♚ç3 ♘é3 2. ♚d3 ♘é2†
1. h×g3 ♚b3+ 2. ♚é2 ♘×g3†

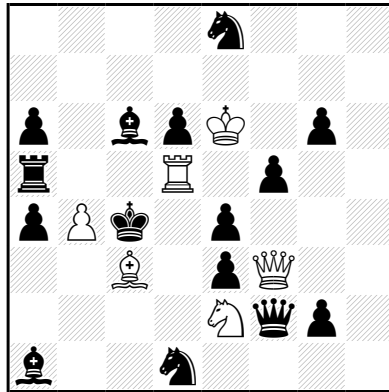

A HOTF-helpmate with many positive features: an active black King, Zilahi in the pair of solutions with captures of the white Knights, in the other pair blocks on d3 with dual avoidance.

20 - Abdelaziz Onkoud : 4° Prize.

- a) 1. ♖d3 ♗×g3 2. ♖ç3 ♗é1†
1. ♗é5 ♗×g3 2. ♖d6 ♗g6†
b) 1. ♗é×g3 ♗a4 2. ♗f5 ♗ç3†
1. ♗h×g3 ♗d7 2. ♗f5 ♗f6†

Familiar elements, but flawlessly presented in a harmonious and economical manner. The Pawn on g3, whether black or white, is captured to open lines or to create a battery.

24 - Alexei Ivunin & Alexandre Pankratiev: 1° Honorable Mention.

1. ♗b2 ♗d2 2. ♗×d2 ♖ç3†
1. ♗×ç3 ♖×é3 2. ♗b2 ♖×ç3†
1. ♗b5 ♗d3 2. ♗×d3 ♖d5†
1. ♖×d5 ♖×f5 2. ♗b5 ♖×d5†

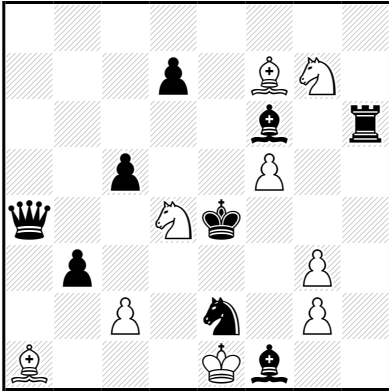

This HoTF has two pairs of solutions, both with the wQ mating on either c3 or d5. Initially these squares are both occupied by white and doubly guarded by black. Moreover, the lines of the wQ are interfered with bPs. The pair in which white pieces sacrifice themselves to open lines for the wQ is more pleasing than the one with the wQ moving and capturing twice.

4 - Mohamed Jamal Elbaz & Mihaiu Cioflanca : 2° Honorable Mention.

- a) 1. ♗é5+ ♖g4 2. ♗f4 ♖d1†
1. ♗f4+ ♖é6 2. ♗é5 ♖a2†
b) 1. ♗×é3+ ♖f4 2. ♗g4 ♖ç1†
1. ♗×d4+ ♖é5 2. ♗é6 ♖b2†

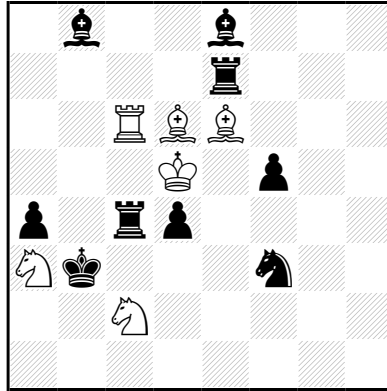

Nice play on two black battery lines, in a) with anticipatory self-interferences followed by direct unpins and in b) with line-opening captures and switchbacks. The wQ, which makes all white's moves, is initially out of play in both. This is an integral part of the scheme, but makes the white play a bit simple.

 1. ♙×d4 ♙h5 (♞e8?) 2. ♙é3 ♙f3♯
 1. ♚×d4 ♜é8 (♙h5?) 2. ♚é3 ♜d6♯

Four captures on d4 followed by a move of the capturing piece, twice for block on e3, twice for capture by a wP. The solutions with blocks involve dual avoidance and are more interesting than the two other solutions.

28 - János Csak: 4° Honorable Mention.

- a) 1. ♚×c2 ♚×c2 2. ♚d7 ♔c6♯
 b) 1. ♞×a3 ♙×a3 2. ♚c7 ♔d6♯

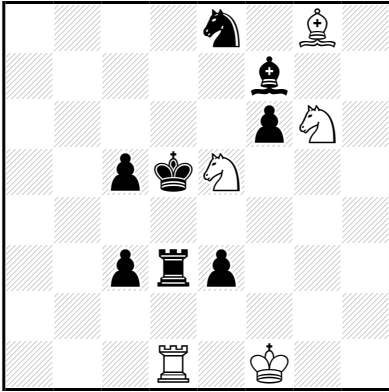

The black unit on c4 captures to allow a white piece to recapture and free a square for the wK. As black's 2nd move, the bR unguards e6 and interferes with a bB to allow the mating move. It is slightly annoying that in part a) black's first move also opens a line for the white recapturing piece.

2 - Rolf Wiehagen & Christer Jonsson : 1° Commendation.

1. ♚d2 ♜×a4 2. ♚×a4 ♙×b5♯
 1. ♚é2 ♜×d8 2. ♙×d8 ♚×d6♯

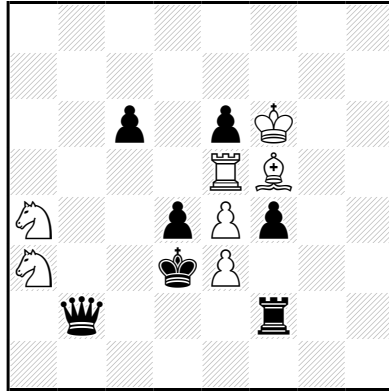

Capturing co-operation to release the black guards of b5 and d6. A heavy position with many cook-stoppers, but that seems to be unavoidable.

Battery creation and opening, but the beef is in the black's second moves, when either the bR or the bB move along a line clearing it for the white line-piece, avoiding an early stop 1.-Rd7/Bb3? Not complicated, but beautiful!

1. ♜d2 ♜×é6 2. f×é3 ♜ç4‡
1. ♜é2 ♜×é6 2. d×é3 ♜d6‡

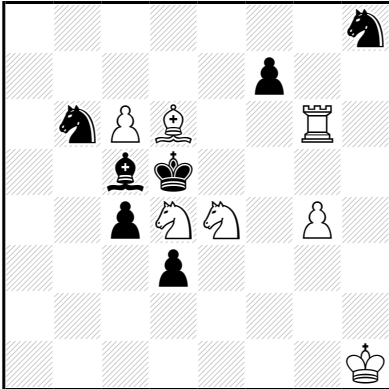

The black move-order is nicely motivated. The white play is rather simple and unfortunately the capture 2.dxe3 also opens the mating line, in addition to blocking e3.

Je tiens tout d'abord à remercier Abdelaziz Onkoud pour la confiance qu'il m'a accordée en me confiant ce jugement. La qualité des problèmes m'a apparue très inégale. Certains présentent de bonnes idées, d'autres beaucoup moins. C'est peut être du à un manque de travail de recherche. Je rappelle qu'aujourd'hui grâce aux bases de données (Winchloe est conseillé) le travail des juges est facilité mais devrait aussi faciliter celui des compositeurs en cherchant ce qui a été fait, ce qui peut être amélioré, etc...

 1.f5 ♜hxf5 2.♞xf5 ♜h1 3.♞f7 exf7 4.♚d2 f8=♚ 5.♚e1 ♚f2♠

Une très belle idée : Dans chaque variante un Cavalier blanc est sacrifié afin de permettre l'accès à d7 ou f7 pour une Tour noire. La promotion du pion blanc suit et les mats de Dame et Cavalier sont réalisés en écho.

1.♚a8 ♜c1 2.d1=♞ ♚b1 3.♞h1 ♜g1 4.♞h7 ♜g6 5.♞a7 ♜c6 6.♞b7 ♜c8♠

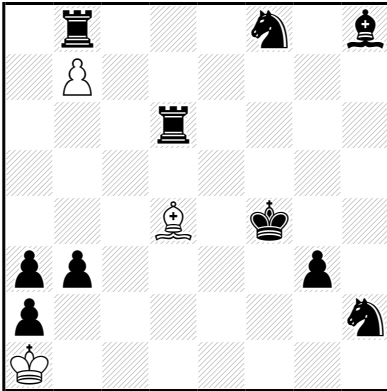

Un monosolution avec une idée originale: malgré l'abondance des pièces noires, il en faudra une supplémentaire de promotion afin de créer l'auto-blocage décisif avec une tour noire en a7. Mais les noirs doivent attendre avec un coup de Roi sur la gauche et dans l'angle que les blancs viennent en c1 avec leur Tour afin de permettre la promotion sans échec. Après un joli coup d'attente sur la droite du Roi blanc, la Tours noire et la Tour blanche vont se suivre, la première pour atteindre a7, la seconde pour mater en c8.

Une idée intéressante en 2 solutions dans un aide long : la Dame noire s'offre de deux façons différentes au pion d2 afin de casser la cage du Roi blanc. Après la sortie de celui ci, des mats modèles sont donnés par le Fou.
